

PRODUCT ALERT

ENFit

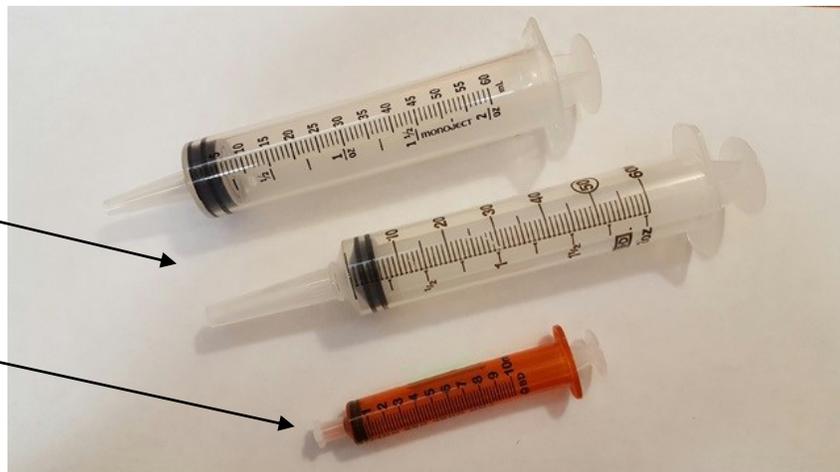

OLD

Change From:

60 ML SYRINGE

AND

10 ML SYRINGE

NEW

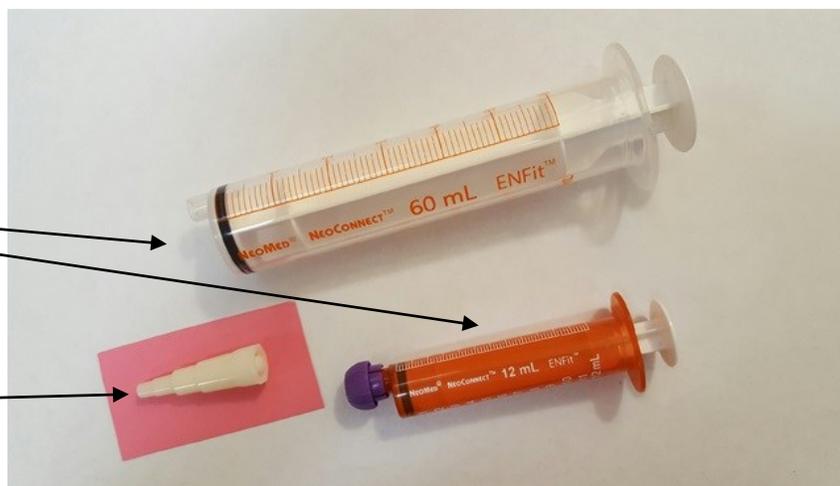

Change To ENFit:

ENFit

**60 ML SYRINGE, AND
12 ML SYRINGE**

AND

**TRANSITION
CONNECTOR**

The new **ENFit** syringes have a unique design that allows these syringes to fit with new **ENFit** tubing extension sets and **ENFit** feeding tubes.

The **ENFit TRANSITION CONNECTOR** can be twisted onto any syringe so that the new **ENFit** syringe will continue to work with older style tubing extension sets and enteral feeding tubes.

The nursing staffs in the hospital and homecare will work with you to be sure that you understand this product change, and will be certain to make sure that you have the materials that you need to take care of your child.
