

Attention Visitors:

Winter Virus Season Visitation Restriction

- Only Partners in Care can visit inpatient areas
- All other healthy visitors can wait in the first floor lobby areas to provide support to Parents and Partners in Care
- If you or your child have flu-like symptoms or respiratory illness (fever, cough, runny nose, sore throat), please do not visit.

In the event of a severe winter respiratory season, additional limitations may be implemented.

Please wash your hands
when you enter the
building and as needed

Thank you for helping us
protect our patients
