How to Register your Pump on t:connect

2. Click on the green button to download the t:connect Uploader, and follow the online steps to install it on your computer.
3. Run the t:connect Uploader software.
   - The t:connect Uploader software should automatically start after you complete the installation. If it does not automatically start, double click the program’s icon on your desktop or applications folder.
4. Connect the pump to your computer via USB cable.
5. The t:connect Uploader will detect your pump and display its serial number on the computer screen. Click the Start Upload button.
6. The t:connect Uploader will prompt you to create a new account. Click the Get Started button.
7. Select account type: Personal
8. Fill in necessary details to create your account. Note: For your password, please use radysd12
9. Enter your Blood Glucose Limit values to personalize and color code your reports.
   - High BG: 181
   - Target BG: 70-180
   - Low BG: 69
10. Congratulations you created your t:connect account.
