

REACH Project

Relating genes to Adolescent and Child mental Health

Take the opportunity to help us find the answers!

We are seeking children to participate in a research study on the
genetic causes of developmental and behavioral issues

Your child may be eligible to participate if she or he:

- Is between 3 and 17 years of age, AND
- Has been evaluated for or is being treated for behavioral, developmental, or mental health conditions

Involvement includes:

- Approximately 1 hour of your family's time, with:
 - Completion of questionnaires by parents
 - Simple blood draw
 - 3-D picture of your child's head

Participants receive:

- \$20 gift card and small prize for children

You can participate today!

Call Jasper at (858) 336-5385 or Tess at (858) 336-9031

Or you can complete the bottom of this form and we can schedule an appointment

Or contact us at reachproject@ucsd.edu if you are interested in learning more!

TELL ME MORE! I give my permission to be contacted with more information.
