Safe Kids San Diego is looking forward to another great year to work together to make San Diego a safer place for all kids to grow up and reach their full potential.

We appreciate there are other organizations around the county working towards the same goal, and we want to support every effort. This year, the meeting will be switched to the third Thursday of every month so as not to interfere with other meeting dates. We will keep the safe time frame and location. Meeting reminders will be send out at 4 weeks, 2 weeks and one week prior to the meeting with more details of each event.

Meeting location

Rady Children’s Hospital Health Services Building

3665 Kearny Villa Road

92123

New Parent Support Program Conference Room Second Floor
