Course Description

Amid a complex and evolving information and policy milieu, clinicians are faced with challenges in communicating with adolescents and families about cannabis use, and in addressing cannabis-related problems. Dr. Gray Will provide a critical update on relevant research and evidence-informed clinical recommendations on this important topic.

Objectives

At the conclusion of the presentation, participants should be able to:

1. Formulate an overview of the epidemiology of youth cannabis use
2. Discuss health concerns related to youth cannabis
3. Summarize evidence-based treatments for youth cannabis use disorder
