

MyChart EZ Arrival

EZ Arrival in MyChart allows you to complete most of the check-in steps for your in-person or Telemedicine visit ahead of time. Before each visit, please leave enough time to sign in to MyChart and complete all of your assigned EZ Arrival steps. You may be asked to confirm your contact information, allergies, current medications, complete any questionnaires you've been assigned, verify or update your insurance, sign consents and pay any copay that is due.

Begin by clicking on the green **EZ Arrival** button located next to your appointment information on your home feed in MyChart.

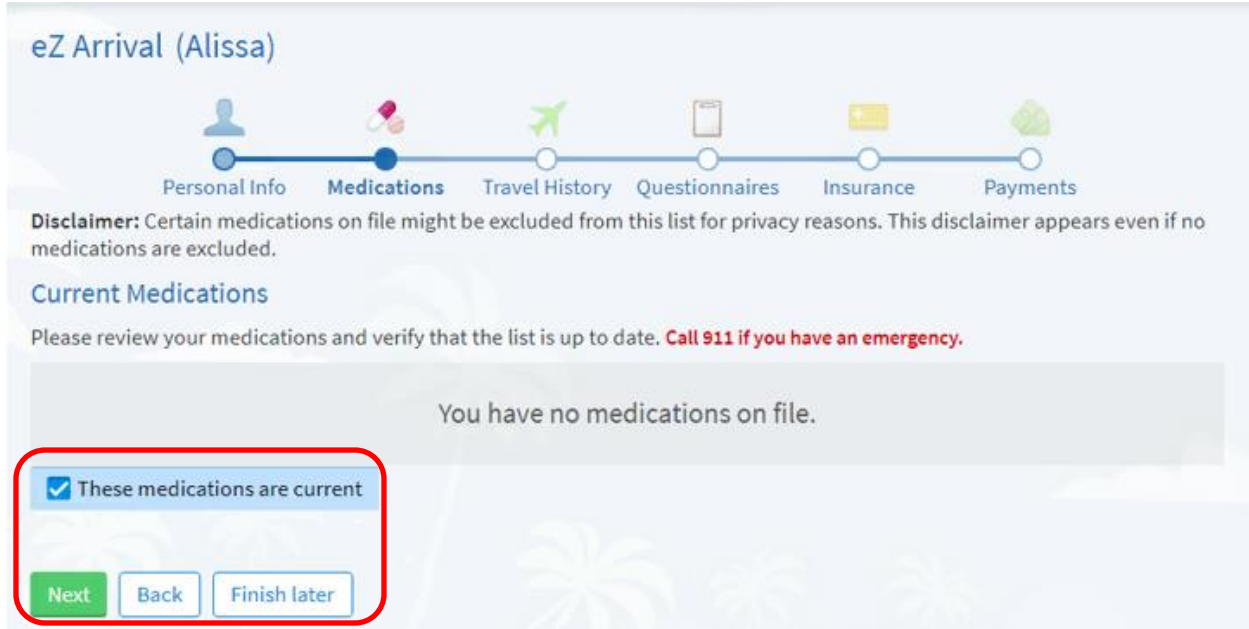

Next, review and complete each section of the EZ Arrival screens.

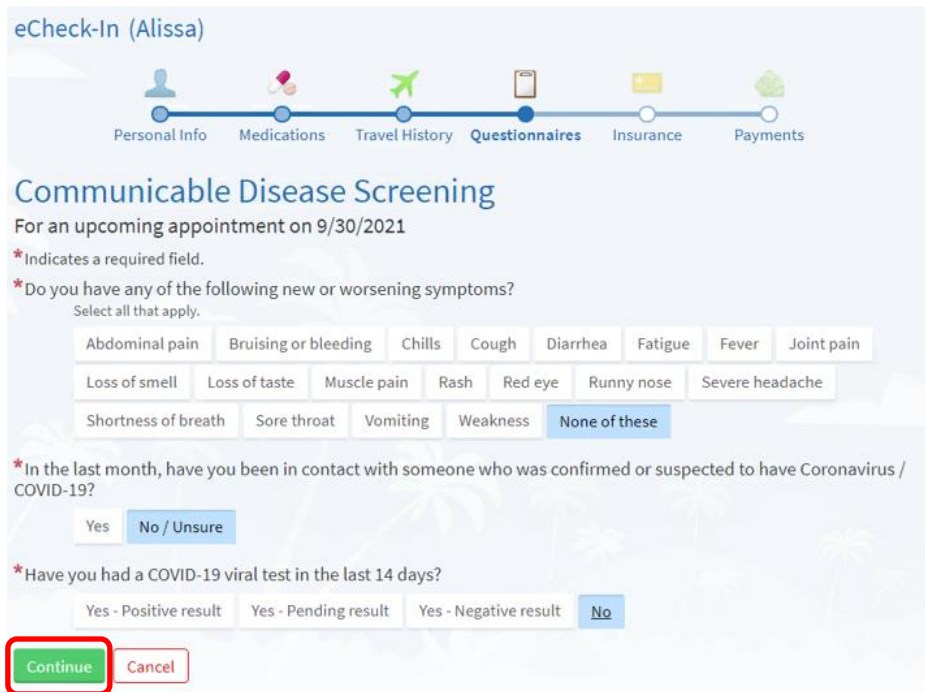

After checking the box that says "This information is correct," click "Next" to proceed.

You will repeat the process as EZ Arrival takes you through all the necessary sections.

Your doctor or nurse may have assigned multiple questionnaires related to your visit. Complete the questions you are asked and click continue.

After you have completed each questionnaire, you will have a chance to review your answers before clicking to Submit them.
