

# RADY CHILDREN'S HOSPITAL-SAN DIEGO AND UC SAN DIEGO SCHOOL OF MEDICINE

## Division of Child & Adolescent Psychiatry Virtual Grand Rounds

**Tuesday, January 11, 2022 ~ 12:30 pm-1:30pm PST**

### Guest Speaker

**Ujjwal Ramterkkar, MD, MBA, CPE, DFAACAP**

Ujjwal Ramterkkar, MD, MBE, CPE is a double boarded child and adolescent psychiatrist and adjunct professor at University of Missouri Columbia School of Medicine. He currently serves as the national senior medical director of mental health at Teladoc Health Inc. He has been involved in telemental health for the past decade and developed and scaled several telehealth based educational and innovative clinical programs Project ECHO child mental health, BH-TIPS video consultation, Virtual primary care integration and population health initiatives. He is well published with multiple book chapters, articles and white papers and an experienced leader in managed care, population health, innovation, and quality improvement. He is actively engaged in AACAP and serves on telepsychiatry committee and committee on quality improvement (CQI).

### Lecture Title

**Telemental Health 3.0 – The New Venue of Care Delivery in Post-COVID World.**

### Course Description

This presentation will discuss the rapid evolution of telemental health (TMH) in the context of COVID-19 and future directions for the successful integration of different TMH models for improving access and outcomes. Furthermore, we will review the core competencies for authentic telehealth experience and available training resources.

### Objectives

1. Identify role of telepsychiatry in the different settings across behavioral health
2. Review innovative models of care utilizing telepsychiatry – COVID19 and beyond
3. Understand best practices in the set up and practice of tele-psychiatry
4. Discuss training curriculum and resources for tele-mental health competency
