

## **2024 Instructional Personnel**

### **Julie Radlauer-Doerfler, PhD, LMHC**

#### **Collectively US**

Dr. Radlauer-Doerfler is a leading expert in the social influences of mental health and uses her experience to create impact within communities, systems, organizations, and individuals. Her approach is collaborative, creative, and curious as she strives to educate utilizing unique avenues including media, stage production, video production, podcasting and writing. She has extensive experience in behavioral health, public health, and organizational development for more than 25 years. She speaks internationally and participated as a TEDx Miami speaker on social support, and social connectedness. Her research on structural racism in the behavioral health field has led to the development of a national curriculum designed to create more equitable systems. She is passionate about addressing behavioral health challenges in communities and speaks widely on the topic.
