

*Advancing the future of pediatric healthcare...together.*

## **Division of Metabolic Medicine**

Dear patient and family,

We are writing to inform you that Dr. Rebecca Mardach will be retiring from patient care on April 25, 2024. She will focus her efforts on her ongoing research at UC San Diego.

We recognize that transitioning to a new physician can be challenging and we are committed to making the transition as easy as possible for your child and your family. For appointments after April 25, 2024, your child will be assigned to another outstanding pediatric provider in our group.

We are looking forward to continuing to provide excellent care for your child and your family.

Sincerely,  
Your Metabolic Medicine Team
