

Winter Fun with Rufus

Connect with your local T1D community and our favorite bear with diabetes, Rufus! Kids and teens are invited to bring their Rufus Bear or any special stuffed friend to decorate a Rufus-sized t-shirt. Rufus can also get a wellness check-up and a certificate of good health. We will be outside in the parking lot.

Enjoy:

- Photos with Rufus and craft stations
- T1D resources and information
- Light snacks, juice and water.
