TRANSPLANT FINANCIAL SERVICES

SUPPORT FOR PATIENTS AND FAMILIES AT
RADY CHILDREN'S HOSPITAL SAN DIEGO

Our Transplant Financial Coordinator is dedicated to helping families understand insurance benefits, financial assistance options, and billing questions. All conversations are handled with confidentiality and care.

We're Here to Help

Health Insurance Guidance

Our team can explain:

- Commercial insurance plans
- Medicare and Medi Cal
- Coordination of benefits
- Out of pocket expectations

Medicare for Pediatric Kidney Patients

Medicare may help cover certain medical costs for children with kidney disease who require regular dialysis or have received a kidney transplant. Eligibility is based in part on whether a parent or legal guardian has qualifying Social Security work credits or receives Social Security benefits.

To apply:

Visit your local Social Security office or go to [SSA.gov](https://www.ssa.gov). Make sure to bring:

- Child's birth certificate or Social Security card
- Parent/guardian Social Security card
- CMS Form 2728 (ESRD Medical Evidence Report)

Prescription Coverage

Medicare may cover up to 80% of anti rejection medications for the first 3 years post transplant. Secondary insurance may cover the remaining balance.

Rady Children's Financial Assistance Program

You may qualify for no-cost or reduced-cost medically necessary care, as well as support through Medi-Cal or California Children's Services. Our Transplant Financial Counselor is available to help determine eligibility and guide you through your options.

Please reach out anytime you have questions about coverage or billing, experience a change in insurance, gain or lose coverage, or need help understanding your benefits.
